Give Hope This Holiday

When a mother suffers, so does her child.

## Project COPE, Inc.

Project COPE, Inc. is a non-profit organization (501c3) established in 1970 to provide substance abuse services. Since that time COPE's role has expanded to include services for the mentally retarded, developing a network of home care services, and offering Employee Assistance Program services to other organizations through Occupational Consultation services.

## Help a Mother - Save a Child.

Women whose lives have become unmanageable through the use of drugs and alcohol find healing and recovery as our programs offer the tools of clean and sober living.

---

## You Can Make a Difference.

Project COPE offers eight different services, so you can choose the cause that means the most to you.

**Any contribution will make a difference.**
